

ABOUT MSI

Founded in 1981, MSI is a Washington, D.C.-based, global international development firm providing specialized short- and long-term technical assistance.

Since our founding, MSI has grown in size and scope, with over 100 projects under management worldwide. We have significantly expanded our technical expertise to include implementation of a range of analytical and field projects in democracy and governance, economic growth, organizational capacity building, education, and natural resource management. While our work now spans several sectors, MSI remains focused on helping our clients manage change and improve the effectiveness of development assistance. We currently have 24 long-term field projects across the globe, including projects in Iraq, Afghanistan, Sudan, Pakistan, Peru, Colombia and Russia.

In 2008, we expanded our global footprint by becoming part of Coffey International Development, a leading development consultancy. Coffey ID is part of Coffey International Limited - a global, multi-specialist consulting business operating in social and physical infrastructure. Coffey ID is the trusted advisor of leading donor agencies including AusAID, DFID and the European Union, and works in more than 80 countries. Coffey ID has permanent offices in Australia, Cambodia, Indonesia, Papua New Guinea, Poland, Morocco, Philippines, United Arab Emirates, United Kingdom, Vietnam and the United States.

OUR PEOPLE

MSI has approximately 700 full- and part-time employees worldwide, which together with Coffey International Development comprise a network of 1,400 development professionals globally. Eighty percent of MSI's core technical work is performed by a group of 100 in-house professionals. Staff and associates are fully conversant in MSI's tools, techniques, approaches, and underlying philosophy prior to embarking on an assignment of any size or scope.

OUR CORE EXPERTISE

We approach all of our projects around the world as a chance to combine detailed subject matter knowledge in our key practice areas with our expertise in the following core competencies:

- Managing the Policy Change Process
- Results-Based Planning
- Performance Management and Evaluation
- Organizational Development and Training
- Knowledge Management and Strategic Communications
- Achieving Scale of Projects and Engaging Hard-to-Reach Populations

In our key practice areas, listed below, we bring to bear well-respected subject matter knowledge and an extensive body of work:

- Economic Growth
- Human Development
- Environment and Natural Resources
- Governance and Public Sector Management
- Stabilization and Recovery

OUR CLIENTS

For decades, we have been repeatedly chosen to lead projects for clients including the U.S. Agency for International Development and the U.S. Departments of State, Fish and Wildlife Service, Health and Human Services, Agriculture and Labor, as well as the World Bank, UN, Peace Corps, OECD, Organization of American States and ADB.

We also work directly with domestic and foreign governmental ministries, departments and units as well as a number of foundations, universities, non-government organizations (NGOs) and private corporations.
