

Was a chance to see (check all that apply):

- How we are enabling people, institutions, or organizations to succeed through training or organizational support
- How we have helped create economic opportunities for people and businesses
- How we have strengthened local or national governments and/or public servants
- How we have helped level the playing field for businesses, organizations and/or individuals
- How we are enabling clients to better understand their work through innovative evaluation or strategic support
- How we help people become more resilient to instabilities, like conflict, displacement, and climate change
- How we have been inclusive of marginalized groups, like women and youth
- How we engaged and or brought stakeholders together in an exciting way through outreach, engagement, and/or communications
- How we used technology in a cool and/or effective way

Describe an activity, including the who, what, where, when:

My impression of the project is that it's:

- UNIQUE
- INNOVATIVE
- EFFECTIVE
- EFFICIENT
- CRITICAL
- UNDER THE RADAR
- VISIBLE
- JUST GETTING STARTED
- COMPLEX
- INSPIRING
- SHOCKING
- RELIABLE
- INFORMATIVE
- IN TROUBLE

This activity showed (check all that apply):

- Notable change over time
- A significant result
- Enthusiastic participation
- An opportunity to improve results
- A cause for serious concern
- Why our people are awesome

The best / most interesting part was...

- And I took photos of it!
- There may be photos/visuals available
- Whoops!

Draw a picture(s)
before/after, process, metaphor

What I didn't expect:
